## CONTRIBUTION TO THE WORK OF INTERNATIONAL ORGANISATIONS

In compliance with a request received on the subject, the ICRC sent the *United Nations General Secretary* documents on questions of common interest, as well as reports issued in conjunction with the League concerning the action of the International Red Cross in connection with the repatriation of Greek children. At the same time, it kept in contact with the United Nations services with a view to the co-ordination of programmes and working methods. The ICRC Delegation in Saïgon thus continued to assume the supervision of various activities in Viet Nam of the *United Nations International Children's Emergency Fund*.<sup>1</sup>

At the request of the United Nations General Assembly, the ICRC sent observers to the principal conferences held at the United Nations European Office, in particular, the XXth Session of the *Economic and Social Council* (Geneva, July 5-August 6, 1955) and the *International Conference on the Peaceful Uses of Atomic Energy* (Geneva, August 8-20, 1955).

With regard to other United Nations agencies, mention may be made of the International Committee's collaboration in various fields with the *International Labour Organisation*, *Food and Agricultural Organisation of the United Nations*, *United Nations Educational, Scientific and Cultural Organisation*, *World Health Organisation* and the *High Commissioner for Refugees*.

It also remained in useful contact with other governmental or non-governmental organisations, such as the *Council of Europe* (Strasburg), the *Intergovernmental Committee for European Migration* (Geneva); it was represented by observers at the *Conference of non-governmental organisations interested in the eradication of*

During the year, the ICRC kept in touch or shared closer contacts with other public or private institutions, including 24 non-governmental organisations working in the same field as the Red Cross.

The following pages show the work done in this field during the year 1955.
