It is stated that amongst our farmers there are no less than twelve millionaires whose total net assessment is about 22 million francs; if all were rightfully declaring their wealth the number is likely to show a pleasing increase. Appenzell A./Rh. seems to be the poorest canton as well over 90% of the farmers have to pay interest in land mortgages; in the Ticino the proportion is 22% only, believed to be the lowest.

Some surprise will be occasioned by the announcement that the well-known BIRO pen will be produced in Switzerland. The parent company, the Compania Sudamericana Biro, intends to establish a factory and distribution centre capable of supplying the Swiss and European markets. The principle of this pen was originated by a young Hungarian who shortly before the outbreak of war emigrated to South America where after many frustrated hopes, he succeeded to perfect the invention.

In Lucerne a proposal to increase the members of the inner town council (Engerer Stadrat) from five to seven was negatived by a large majority; this extension was contested by the liberal and conservative parties the other four remaining acceptance.

GEN. GUISAN FUND.

An excellent response has been given to the Consul's appeal for the Gen. Guisan Fund in the Auckland and Waikato districts. Special thanks are given to Mr. E. Merz, Auckland, and Mr. J. C. Steiner of Waikato, who made enormous efforts to accomplish such good results. Thanks are expressed for all the donations which have been so liberally given; the highest of which is £15. 15. 0 - the total to date being over £150. 0. 0. Arrangements are made for collection in the Taranaki and Wellington districts and no doubt our compatriots in these districts do not want to lag behind.

HOW SWITZERLAND IS GOVERNED.
