## Collections Growth

This record of all entries shows an increase of 8.4% compared with 2005. The rise is due essentially to the increase in the collection of posters (9.2), photos (9.4) and sound documents (11). These areas aside, the increase amounts to 0.5%. It is also important to mention a change in the way in which serial publications are counted; heading 7.1 now includes magazines and annuals which were previously counted separately. Across all headings, donations represent 79% of entries, i.e. a very slight increase of 1%.
