Farewell to Mr. and Mrs. René Baumann.

After having made their home in London for the past 23 years, Mr. and Mrs. R. Baumann are returning to Switzerland in July.

Mr. R. Baumann first came to work in England in 1958 as an employee of the George Fischer Group of Schaffhausen. He soon became Commercial Manager of their subsidiary Le Bas Tube Co. Ltd. and eventually rose to become Managing Director of George Fischer (Great Britain) Ltd. On his return to Switzerland he will take up responsibility for all European Sales subsidiaries, whilst retaining a seat on the Board of all the UK subsidiaries. All who know him well wish him success in his new work.

Mrs. Doris Baumann, a qualified Primary School teacher, also trained in Psychotherapy at the Westminster Pastoral Foundation and the holder of an Open University B.A. degree, came to London in 1961, primarily to learn the language. It was here that she met her future husband and they were married in Switzerland the following Spring. They have three grown-up daughters. For the past 2 years Mrs. D. Baumann has worked part time as a councillor and supervisor at Guy's Hospital, she hopes to continue this work in Switzerland.

Both Mr. and Mrs. Baumann were very active members of the Swiss community in London. Mr Baumann was a member of The Nouvelle Société Helvétique, the City Swiss Club and the Consistoire of the Eglise Suisse, whilst Mrs. D. Baumann was a founder member of the Swiss Mother's Group. A very big thank you goes to her for all the help, hard work and time she devolted to this group.

On behalf of our readers, I would like to wish Mr. and Mrs. R. Baumann good health, happiness and success in their new home in Schaffhausen.

The Editor.

Miss Marianne Straub, weaver extraordinary, was born 75 years ago in Amriswil Ct. Thurgau, and developed an early, lasting interest in the crafts, an interest that deepened as a result of her studies at the Zurich Art College. However it was a time when few women achieved admission to Technical Training for the textile industry, as demonstrated

by the only two Swiss Textile Colleges of the day. Neither of which admitted female students. Undeterred and after a short period as a Technician's assistant at the small weaving mill in Amriswil, Miss Straub enrolled for a course at Bradford Technical College, the only woman of her year.

Since those early days her many faceted, distinguished career as a weaver, designer, teacher, consultant and administrator within the textile industry has deservedly earned her an international reputation. Space does not permit a detailed description of her career, but it has included such varied work as designer for the Rural Industry Bureau, Design Director and later Managing Director of Helios, a subsidiary of the Lancashire cotton-spinning firm of Barlow and Jones, and teaching posts at both the Royal College of Art and the Central School of Art and Design.

There can be very few people who have not come in contact with her work-exaggeration? - Well amongst other things she did design the orange curtains of British Rail, the Trident Aircraft seat covers, and the blue, purple and green cloth seat covers for London Underground trains.

Apart from her own work Marianne Straub was a source of encouragement to several generations of textile students. Many of them will have cause to thank her for her critical insights, her insistence on originality and above all her infectious enthusiasm.

It is with great pleasure that we are able to congratulate such a distinguished Swiss on her award of the O.B.E. in the last New Years Honours list.

The Editor.

Swiss Club Bristol

On Saturday 23rd March we had our Social get-together, and what a lovely afternoon we had!

There was a Spring/Easter flavour to it, with snowdrops and daffodils on the tables and decorated Easter eggs on the Bring and Buy Stall. The Bring and Buy Stall is always well supported and a much liked feature at our social events and it is our main fund raiser.

During the afternoon Elsa Huntley and her husband Reg showed us some slides from Switzerland, it was very exciting to recognize places and quite fascinating to see some that one has never been to or never even heard of.

We had a Buffet-Style "Z'Vieri/Z'Nacht", which was quite a feast, with home made goodies, like: Fruchtwähen, Rouladen (not Swiss Roll!!!), Kirschtorte, Emmentaler Chäs-Chüechli, to mention but a few. Of course, we all had a "good old natter", it was so nice meeting old and new friends!

We are now looking forward to a Barbecue at the home of one of our members on Saturday 22nd June, and, 1st August celebrations on Saturday 3rd August.

Swiss Club Edinburgh

The Summer Programme is as follows:

Monday June 17, 7.30pm, "Der Besuch der alten Dame". play by Friedrich Dürrenmatt performed in German at Daniel Stewart's and Mellville College, Queensferry Road, Edinburgh.

Monday July 1, 8pm, Our "Annual Barbecue". at Society Beach, South Queensferry. Bratwürste will be provided (costs to be shared), bring your bread and drinks.

1st August, "National Day Celebration". Meet at 19.30h at the bottom of the ski-road, Hillend for a walk. Afterwards we are invited by Suzanne Henderson for refreshments and a friendly get-together at her house: 10 Frogston Road West. Please let Mrs. Henderson know if you can come.

Monday September 9, 8pm, "Pub Night". at the Albany Hotel, 39 Albany Street, Edinburgh.

Wednesday October 16, We hope to join Dunfermline to hear a talk by Mrs. Mariann Meier.

Our Club will celebrate its 25th Anniversary later this year and we are already thinking of how to mark this occasion.

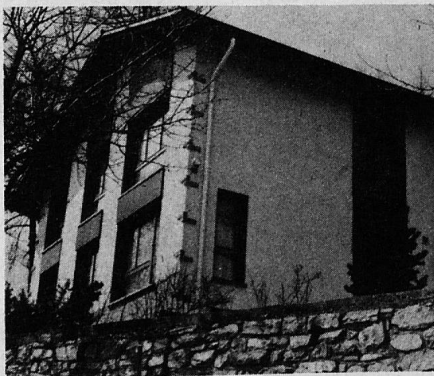

Remember: We also meet informally every 2nd Monday of the month at the Albany Hotel as above.

Our Raclette and Fondue Evenings had been very well attended and were most enjoyable.

Return to Valais

Born in Crans-sur-Sierre VS, the second youngest of ten children I grew up in the period when post-war tourism and development of the Station was beginning. I left Switzerland in 1951 to go as Au Pair to England to acquire a knowledge of the language before going to America. In the event my stay proved to be longer than anticipated. After a period with a family in Shrewsbury I moved to London and it was there at the Swiss Club in Charlotte Street that I met my future husband; a recently qualified Architect. We married shortly after he had established his practice and lived at Chigwell in Essex until 1983.

In 1982 my husband decided the time was opportune to dispose of his business interests and in March 1983 moved to a house in Crans we had built some years earlier. It took well over six months to recover from the tedious matters of furniture removal, building an extension and resolving the problems consequent on buying a tax free car in the UK. A year or so has passed since these have been dealt with and I can now sit back and look at the material and environmental changes we have experienced and the consequences for our life style.

Our first concern was our youngest child of 10 years for whom the change was most profound. The transition from St. Joseph's Convent School in Wanstead to the Centre Scolaire in Montana could have been very difficult. However we have been agreeably surprised at the way she has settled in and the enthusiasm she has for work. Additional french language tuition was provided by the school (a normal facility for non-Swiss) and her academic progress is now above average. We are both more than satisfied with the standard of education and the competence of the Teachers. Our two elder children are completing University and Professional studies in the UK but are hoping when the new nationality legislation is operative to acquire Swiss citizenship and make their careers in this country or as near as possible thereto.

I am very happy to be back amongst my family; all still living in the Crans area; and reviving old school friendships. Although we visited Crans regularly over the years it is only since living here that I

have come to realise how intensive is the building development that has taken place... not all for the best. The latest Hotel and Apartment block scheme intrudes on the ground adjoining the gentle slopes of Plans Mayens where our family mayen still exists.

Overall the cost of living is probably higher than the UK and being over 50 years of age we find medical insurance expensive. Although foodstuffs are a little dearer the abundance of fresh Valais fruits and vegetables are of excellent quality. Bread in all varieties, cheeses, dried meats and local wines are all to our liking. Fresh meat can be expensive but is of a good standard as also the poultry and fish, much imported from France.

We have always enjoyed the Valais and for the first time last summer were able to make many leisurely excursions to some of the unspoilt villages and valleys never tiring of the wonderful majestic scenery. At mid-term or other short school breaks we sometime make a weekend visit to Bern, a city we all like very much, often stopping in Lausanne on the return. My husband particularly enjoys browsing around the Payot bookshops and my little daughter afternoon tea in Manoels.

Now our life is more tranquil and the stress of London business activity has gone unmissed. I regret leaving London and our many dear friends but my heart has always been in the Valais and I count myself fortunate in having a husband and children who share my love for Switzerland.

My husband led a very active life in London, working in most areas of the UK and from time to time overseas. Whilst he initiated our move here it was he who had to give up the most but now he has time for watercolours, reading, writing and to continue his interest in Rifle and Pistol shooting. Welcomed as a member of a local shooting society he shoots regularly at meetings in Valais and elsewhere. Happy to live here he complains only that there are too many foreigners.

We made a decision after careful reflection and have no regrets, considering ourselves fortunate to have the means and opportunity to do so.

Augustine Kett-Rey.
