Place of the Swiss Abroad bought

We've made it!

The jubilee contribution of the Fifth Switzerland to the 700-year-celebration of the Confederation is now assured: The positive development of the fund-raising campaign and a notable contribution from the Confederation have made it possible to purchase the peninsula in the inlet of Brunnen.

A large – indeed the decisive – hurdle has been overcome with the purchase of the attractively situated plot on lake Lucerne: This not only guarantees the central contribution of the Swiss Abroad to the celebration of the 700th anniversary of the Confederation. With this we have also laid the groundstone for a project which will reach far into the future and will outlive the jubilee year of 1991. The place should become a meeting pole and be a symbol for the presence of the Fifth Switzerland in our country.

By mid-December 1988 the Swiss Abroad had donated a figure close to 750 000 francs. The Confederation has taken on the remaining amount of the purchase price of 1.5 million francs within the framework of the 700-year-celebration. In the face of this positive financial position, the Foundation Council of the Place of the Swiss

Abroad decided, acting as «trustee» for the Swiss Abroad, to purchase the plot by the 31st December 1988 (the deadline of the purchase option contract). One can consider the three quarters of a million francs raised so far by the Swiss Abroad as a success, considering the huge problems facing an international fund-raising campaign. The federal contribution of the same amount is a fine illustration that the Place of the Swiss Abroad represents a solidarity work of the Swiss both at home and abroad.

We wish to thank for all those large and small donations, which have made it possible to reach this important goal. Thanks are also due to all the helpers for their large engagement. Finally thanks must go to the Confederation for its act of solidarity with its fellow citizens abroad.

The groundstone has been laid. We now face the construction – and that too costs money . . .
