Health Insurance with manifold advantages

In the Soliswiss portfolio of services, Swiss nationals abroad can find two interesting health insurance offers made in collaboration with CPT (Switzerland) and International Health Insurance danmark. Upon concluding a health insurance policy through Soliswiss intermediation, Swiss nationals are automatically insured against loss of livelihood abroad if it occurs as a result of political disturbances.

Type 1: Soliswiss/CPT

All Swiss nationals abroad, who are not subject to compulsory health insurance in Switzerland, may subscribe to the voluntary health insurance. It is possible to join **until the age of 55**. Children living with a Soliswiss member can be insured until their 25th birthday. The insured party must provide a contact address and details of a bank or postal account in Switzerland.

In case of return to Switzerland insurance with CPT continues for those who had been insured with the CPT International section. In this case, they benefit from the favourable conditions offered to Soliswiss members as part of a collective contract.

The Soliswiss/CPT offer consists of the following products:

Voluntary insurance: The annual allowance is CHF 300.-. Up to 90% of the cost of out-patient treatment is covered. For a stay in hospital, insurance cover is as follows: CHF 300.- per day for 90 days, then CHF 150.- per day from the 91st to the 180th day, and finally CHF 50.- from the 181st day to the 720th day.

Insurance for Hospital Treatment: This insurance covers the costs not provided for by the voluntary insurance, as far as hospitalization for acute illnesses is concerned (transport, health cures, home care and home help). The annual deductible (CHF 1,000, 2,000 or 5,000) and the benefit class can be freely chosen by the insured party. Four benefit classes are available, from a cover of CHF 20,000.- in class 1 to an unlimited worldwide cover in class 4.

The Soliswiss health insurance plans are tailor-made for Swiss nationals abroad.

The following health insurance products are also available: Supplementary accident insurance for nursing care, accidental death and invalidity insurance, insurance for dental treatment and Joker light insurance (reinsurance of the deductible).

Type 2: Soliswiss/IHI danmark

This insurance is offered to all Swiss nationals who may join **until the age of 80**. It is also available for members of their family. For those

joining after 59 years of age, the premiums are increased by a surcharge. Children of Soliswiss members can also be insured, until the age of 25, with their parents.

The following types of insurance are available :

Complete Plan: This insurance covers 90% of the cost of out-patient treatment and 100% of hospitalization costs in private or semi-private rooms, worldwide. The ceiling on benefits is fixed at CHF 1,000,000.- per calendar year.
