Long queues of English people desiring to spend their vacations in Switzerland were once more noticed before the doors of a Swiss Bank of the West End of London. Many of them had been waiting all night in front of the bank, which had to open its doors already at 5.30 a.m.

EXEMPLARY TAX PAYERS.

The voters of the Canton of Basel-Country have accepted the law regarding the measures for an improvement of the State's budget (law providing for increased taxation) with 10,444 ayes against 4,384 nays.

In pursuance of the discussion of the report of the Commission regarding the position of the women, the Committee for Human Rights accepted various propositions of amendments in order to induce those member countries who have not yet given to women the same political rights as to men; to do this in economic, national, cultural, social and political matters. The Committee points out that women are now much more interested in political matters and that they can only be stimulated in the exercise of their rights if they are given the opportunity to participate in all elections and be placed in important positions.
