(a) An Annual General Meeting shall be held each year at such a date, time and place as the Committee decides. Such a meeting shall be called by notice, published in the bulletin of the Society at least 21 days before the meeting takes place. The Committee may, and if required so to do by notice signed by at least ten members, shall call an extraordinary General Meeting at any other time or times by notice published in the regular issue of the Society's bulletin at least twenty-one days before the meeting takes place.

The published notices of meetings shall state the full Agenda of the A.G.M., including FULL MOTIONS OF ALL IMPORTANT ISSUES. Motions fully worded and advertised will be reprinted on a voting slip, which has to be used as a proxy vote. On these motions only the proxy votes will be counted at the Annual General Meeting.

Any other business will be decided at the A.G.M. by show of hands. Should a delegate oppose the ruling of any issues considered not important by the Committee or members (no full motion was published in the Bulletin), this issue will have to be brought forward on the next A.G.M. with a fully worded motion and voting slip. If the issue is considered urgent, an extraordinary Meeting will have to be called.

Except with the approval of the Committee on special grounds or by consent of the meeting, no special business shall be considered by any meeting, of which notice has not been so published, but any member may likewise bring forward any notice for consideration by any meeting, if the same be in the hands of the President or Secretary at least one month before the date of the meeting published as foresaid.

(f) to be deleted.

### HEDY'S CORNER . . . .

Right now there is a lot of work to do in our "Pflanz plätz". The summer vegetables are nearly all gone and we are getting ready for the winter and also we can plan for the next spring. A vegetable that has an appeal to all Swiss and people from Central Europe is the Käpen, or Kiefelerbsen. Here is some data on this tasty vegetable.—
