Some rumours have been circulated to the effect that the Swiss Federal Government has been effect that the Swiss Federal Government has been asked to allow the passing of foreign troops through Switzerland. It is authoritatively an-nounced from Berne that these rumours are un-founded. No such demand has been made, and there is no reason for one being made at present. But should the question be put to the Federal Government, it would without hesitation answer negatively, as Switzerland is neutral and resolved to available the question be ull moans. to maintain her neutrality by all means.

# SWISS TEXTILE EXPORTS IMPROVE.

An improvement in exports of textiles from Switzerland took place last year, viz. to 195,100,000 frs., which compares with 153,200,000 frs. for 1932. The difference of 42,000,000 frs. was, however, almost wholly due to an expansion in ex-ports of silk fabrics (by nearly 16,000,000 frs.), and in cotton fabrics (by a little over 26,000,000 frs.). The following table gives details of the ex-ports (121,22,22) under the variance headings: 

	1933	1932	1931	
Silk fabrics	1355 43.9	$\frac{1952}{28.1}$	89.3	
Embroidery	 22.3	23.9	52.4	
Cotton fabrics	 65.0	38.7	61.1	
Cotton yarns	 14.6	11.6	24.3	
Schappe	 3.7	6.9	17.6	
Rayon	 26.4	23.1	38.3	
Knit goods	 5.7	6.5	17.5	
Worsted Yarns	3.8	4.9	10.6	
Silk ribbons	 5.9	7.0	11.3	
Woollen fabrics	 3.8	2.5	6.6	
	195.1	153.2	329.0	

As will be seen, total exports last year were still below those of 1931, although it is to be noted that the 1933 exports of cotton fabrics were ahead of those for 1931.

#### SWISS BOXING BAN.

The Federal Court of Appeal at Berne has up-held the decision of the authorities of the Canton of Vaud prohibiting boxing within the Canton. The cantonal authorities base their ban on the ground that boxing is too brutal and degrading a sport to be in harmony with the traditions of Switzerland, and that it has a degrading effect on those who watch it.

#### SWISS GOLD LOSS.

The weekly bulletin of the Swiss National Bank for the week ended 24th February shows a loss of gold of 122 millions Swiss francs ( $\ell$ 7,600,000 at current rates). The cause of the loss is the sudden withdrawal of foreign money. Gold reserves are reduced to 1.877 millions Swiss francs ( $\ell$ 117,000,000). In the same week the circulation of banknotes has increased to 1.339.4 millions france. The gold

In the same week the circulation of bankholes has increased to 1.339.4 millions france. The gold cover for the circulation of bankholes and the daily payments was 95.42 per cent., so that the situation of the Swiss franc is to be considered as absolutely safe.

#### BERNE.

LOCAL

**BERNE.** A Grindelwald youth escaped from the Wal-dau lunatic asylum, near Berne, several days ago and took to the mountains. In his frenzy he succeeded in making the difficult climb up the Milchpassloch, a rocky eminence which is dreaded by the most expert Alpinists. He is armed with a pistol, and every time pusuers hyae come within range of him he has threatened to shoot to kill. The weather is bit-terly cold, and it is difficult to believe that the madman can now be alive.

#### GENEVA.

Work on the vast new building of the League of Nations in the Parc Ariana is going steadily forward, and the elaborate central-heating appli-ances are almost all in position. The fabric itself

ances are almost all in position. The fabric itself was completed some time ago. The making of the great 32-yards-wide road which will give access to the completed building was started last week. A short road connecting the office of the In-ternational Labour Organisation with the new building is nearly finished. But the road just begun is a far more ambitions effort. It will in-rolva.

Beginning by the lakeside quite close to the present secretariat and disarmament buildings, the road will cut straight past the mansions which house the offices of the International Red Cross. The work has been contracted out by the city of Geneva to a local firm, for this road is a gift to the League of Nations from the canton. How cager local firms are to find occupation for the large numbers of unemployed is evidenced by the low terms of the accepted tender—£30,000.

Well done, Concordia! Last Sunday they beat Bern, then second in the table, and now the leaders Grasshoppers, who had not lost a match since September 3rd? I repeat, they are very much on the up-grade. Biel's away win against the wooden spoonists is nothing to write home about, but Servette clearly outdistanced Locarno, about, but Servette clearly outdistanced Locarno, always hard to beat before their supporters in the lovely Ticino, and they now head the table with 26 points from 16 games, same number of points as Grasshoppers, who have played one game more. Bern is third with 25 points, and these three appear destined to provide the even-tual Champion; 4, Biel, 20 points; 5, 6 and 7, Lausance, Basel and Young Boys, 18 points; 8, Lugano, 17 points; 9 and 10, Chaux-de-Fonds and Young Fellows, 16 points; 11, Concordia, 14 points; 12 and 13, Urania, Nordstern, 12 points; 14, Locarno, 11 points; 15th, Blue Stars, 10 points, and 16, Zurich, 7 points. **FIRST LEAGUE**
