SWISS HOLIDAYS FOR U.K. SWISS CHILDREN.

Once again the London Group of the "Nouvelle Société Helvétique" is organising, in co-operation with "Pro Juventute" in Zurich, a holiday in Switzerland for children of 12—16 years, of Swiss parentage, who live in the United Kingdom, provided always that there is a sufficient number of participants. To secure this, however, should not be difficult, as these holidays constitute a unique occasion for the children to see and get to know a good portion of our homeland.

As usual, these holidays will start at the best and most attractive time to enjoy Switzerland, *i.e.*, towards the end of July, and are scheduled to last some 6—8 weeks.

It is hoped that the journey London-Switzerland and return may again be carried out in an aeroplane of the SWISSAIR Company on special terms, and at a cost not exceeding 50% of the normal fare, *i.e.*, about £14.10.0 per child. Should this not be possible this time, the journey would be undertaken by rail.

In cases where parents would value such holidays for their youngsters, but are not in a position to defray the cost of the journey, the N.S.H., in conjunction with the Swiss Benevolent Societies, would endeavour to provide the necessary funds. As regards the means for board and lodging in Switzerland, "Pro Juventute" would, in these cases where parents are unable to bear any costs, provide the sums involved for a limited number of children. For paying members of the party, the specially reduced price would be near 9/- per day or about £19.0.0 for six weeks.

Children who are in the happy position of holding an invitation from relations or friends in Switzerland, are, of course, also welcome to join the party on the terms just explained.

It should be made clear in this connection that, owing to the very large and still growing number of children from war-ravaged countries all over Europe, who have a moral claim to be provided for with priority, PRO JUVENTUTE finds it increasingly difficult to find board and lodging in Swiss homes free of charge. Parents who are in a position to pay either the whole or at least part of the cost, which is kept as low as possible, are consequently entreated most earnestly to contribute as much as they possibly can.

It is expected that many Swiss parents in the United Kingdom will very gladly avail themselves of this opportunity of enabling their children to enjoy a healthy and happy holiday of worthwhile duration in the most pleasant surroundings and scenery of our homeland.

Applications should be sent in writing if possible by latest the 25th of April
