ANNIVERSARIES

Professor Adolf Keller, well known in Swiss Protestant circles, who was at one time pastor of the German-speaking parish of Geneva, and secretary of the "Institut des sciences sociale" of the town of Geneva, has celebrated his 90th birthday.

TO OUR READERS

The Advisory Council of the Swiss Observer wishes to inform the paper's readers and friends of certain changes in the editorship which have been decided upon.

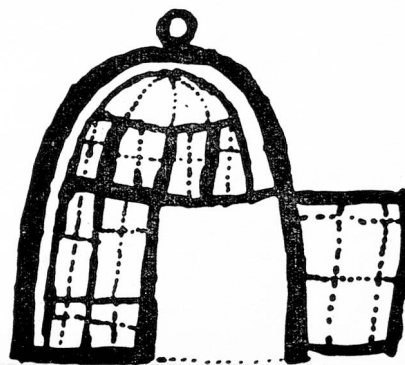

Mrs. Mariann Meier, who is too well known in the Colony to need any further introduction, has been appointed Editor, at her wish on a trial basis, as from Monday, 21st May 1962. We trust that our readers will welcome this development and will wish to support her in her efforts as far as this is in their power.

In the meantime the Council has been fortunate enough to secure the services of our old and trusted friend, Alfred Stauffer, who has kindly and readily agreed once more to jump into the breach. Countless readers will no doubt be pleased to see his signature, *ST.*, in the paper once again.
