REOPENING OF ALPINE PASSES IN THE GRISONS

As a result of a plebiscite held in Canton Grisons in October last year, the cantonal budget for snow-clearing will be reduced by 10 per cent, thus achieving a saving of some three-quarter of a million francs.

The following alpine passes will remain closed longer this spring than in previous years, if delayed snow-clearing will result in a substantial saving: Albula, Lukmanier, Oberalp, San Bernardino, Splügen, Umbrail. The Flüela Pass (Davos - Susch), which is usually kept open the whole year, may be closed for short periods.

All cantonal main roads which are kept open in winter will only in exceptional cases be serviced between 22.00 and 06.00 hours.

ART ON WALKING TOURS IN THE TICINO

To mark the European Architectural Heritage Year 1975, the Ticino Tourist Association is organising walking tours to places of cultural interest.

The 15 tours, ranging from half an hour to two hours' walking, cover all areas of Switzerland's southernmost canton: from the towns of Ascona,

Bellinzona, Biasca, Locarno and Lugano to side-valleys such as the Valle Maggia, Val Bavona, Blenio, Leventina, Verzasca, Malcantone, Gambarogno, Mendrisiotto and Ceresio.

A guide (in German language) describing the places of historical interest, routes, parking places, etc, is available free of charge from Ente ticinese per il turismo (ETT), Piazza Nosetto, 6501 Bellinzona/Switzerland.

ZURICH, A FASHION CENTRE

The first International Buyers' Fair for Women's Clothes and Accessories, Modexpo, will take place in Zurich in the spring of 1976. This event, which will be held twice a year - in the spring and autumn - open to both Swiss and foreign manufacturers and agents, will make Zurich an international rendezvous for both sellers and buyers of women's ready-to-wear clothes.

The fair, which will be organised by the Swiss Fashion Weeks' Association and placed under the patronage of the Swiss Clothing Industry Association, will complete and extend the traditional Swiss Fashion Weeks.

At Modexpo, buyers from all continents will be able to see for themselves the importance and achievements of the Swiss clothing industry, which is coming up against increasingly strong foreign competition. Even before the abolition of tariffs in Western Europe, foreign trade was extremely keen in the clothing sector; and it is particularly important for Swiss industry, enabling it not only to diversify its markets abroad but above all to manufacture sufficient quantities for rational production.

For a total clothing consumption estimated at 3.6 billion francs, more than 40% is covered by imports; on the whole, Switzerland exports about one-sixth of her output, estimated at 2.4 billion francs; for fashion reasons, trade is even more active in the women's ready-to-wear clothing sector.

OPENING OF LUGANO'S NEW CONGRESS CENTRE

Lugano's new Congress Centre was opened in April. Not the least of its special features is the way the modern building has been blended with the Villa Ciani, a classical-style patrician house which is linked to it for smaller events. The new building with an area of 4,500 square metres, can accommodate 1,300 congress participants. The main congress hall, shaped like an amphitheatre with an orchestra pit that can be lowered, seats 1,250 people. Restaurants and bars are located on the ground floor. The lower ground floor contains another conference hall, artists' rooms and press room while the upper storey houses the banqueting hall (900 places), two conference rooms and a spacious lounge.

OBITUARIES

EMIL RITZMANN

It is with deep regret that we have to inform our readers of the death of Mr Ritzmann on Sunday 27 April. He was 74 years of age and spent his working life with the Swiss Bank Corporation, joining them in Basle in 1917. He moved to the bank's London office in June 1924 and was Chief Executive of the Accountancy Section, he was promoted in June 1947 to the rank of Attorney. Returning to Basle in 1951 he was promoted successfully to Inspector in August 1951 and Sub-Manager in 1957.

Whilst in the United Kingdom Mr Ritzmann was very involved with and took a lively interest in the Swiss Colony being a familiar figure at the various Swiss Clubs and functions organised by them. He was also a moving figure in the 1st August Celebrations and did a tremendous amount of work to make these a success. In addition he was a great sportsman in his heyday, an excellent tennis player and a creditable exponent of hockey. He represented the Swiss Bank in both these fields. Among his other attributes was a fine voice and he sang for many years with the Swiss Male Choir, now unhappily defunct.

Mr Ritzmann was a long time reader of the *Swiss Observer* and we are grateful to Mrs Ritzmann who has already informed us that she wishes the subscription to be carried on in her name.

Latterly Mr Ritzmann and his wife lived at Arlesheim, Bodenweg 28, 4144 Switzerland.

We extend our sincere sympathy to Mrs Ritzmann in her sad loss.

MR ALOIS BÜRGISSER

It is with great regret that we have to announce the death of Mr Bürgisser on 16 April 1975. He died after a short illness at his home in Dunfermline at the age of 68.

Mr Bürgisser, a native of Bürg, Neuhaus, Kt St Gallen, went to Scotland in 1932 and joined the Winterthur Silk Factory. In 1935 he became a co-founder of Fife Silk Mills where he held the post of Managing Director. In 1936 he assisted in bringing the Dunfermline Swiss Club into existence and was at one time Chairman; he has been an honorary member for several years. Mr Bürgisser always took a very keen interest in the Club's affairs and in addition acted as Auditor to the Swiss Benevolent Fund in Scotland.

Mr Bürgisser is survived by his wife, son and daughter, to whom deepest sympathy is extended.
