# Take a turn at the Swiss Roll

ANSWERS to the clues should be entered with the first letter in the numbered space indicated by the clue number and then proceeding outwards.

Words overlap by one or more letters so that the final letter or letters of one word is the beginning

of the next word.

Hidden in the REVERSE reading are the names of three Swiss geographical features and the name of a Swiss wine.

What are they?

## CLUES

- |                                                |                                                                |
|------------------------------------------------|----------------------------------------------------------------|
| 1. N. African country, capital Rabat           | 45. Seize and hold                                             |
| 6. Poisonous snake which has a 'hood'          | 49. Performed, musically                                       |
| 8. Courageous                                  | 54. Dreadful, calamitous                                       |
