Our Chairman, Alan Pike behind the Swiss Railways Society stand at IMREX

IMREX 1990

The Society was represented at IMREX by an information stand, supported by the model showcase and video display. The SNT0 supplied a generous amount of display material, including an extremely fine laminated map, much admired by members and onlookers.

Considerable interest was created and the supplies of SNT0 and Society brochures which seemed so lavish at the outset were exhausted before the end of the show.

Several new members joined and a gratifying number of existing members took this opportunity of renewing their subscriptions for 1990. We are indebted to the small group of members who manned the stand throughout the six long days of this arduous exhibition.
