## PFEIFFERBAHN

MINIATURE RAILWAYS

For our first two advertisements we have shown one of our products viz: an Rh.B. 'Baby Krok' No.403 which can be seen running occasionally at Tan-y-Bwch on the Ffestiniog Railway.

This was just one example of the locomotives that we have produced to customers' requirements. A Ge4/4<sup>11</sup> No.615 is being built at present, also to 1/5<sup>th</sup> scale to run on 7 1/4" gauge track.

For very many years, our main product has been track parts so that people can run their own 7 1/4" or 10 1/4" gauge trains or trams, either in their own garden or for commercial gain. Parts for our standard track cost less than L.G.B. gauge 1! So, why not send a stamped-addressed envelope to us for details of track and other bits and pieces which will enable **YOU** to run your own passenger-carrying railway? Battery-electric locomotives/railcars are surprisingly economic to make, buy and run.

Don Fifer. SRS. No.J88

Visitors welcome, by appointment; Just 15 minutes from the motorways.

**PFEIFFERBAHN.**
