Email: SES@nhulunbuy.freemove.co.uk

Articles for inclusion should, if possible, be sent in the following formats:

- By email:** Either as text within the email, and clearly identified as such, or as an attachment, any format is acceptable. Fonts etc. are unimportant as reformatting will take place in every case. We may request a hard copy later for checking.
- By disc:** Standard floppies, zip discs(100 or 250 MB) or CD are all acceptable. A hard copy of the text should be enclosed at the same time.
- Typewritten:** Clear copy on white paper. There is no need to double space.
- Handwritten:** There is no problem sending in handwritten copy, as long as it is clear. It will be re-typed and we do not want to put anyone off who does not have access to a typewriter, word processor, PC or the king of computers, an Apple MAC. Handwriting is ALWAYS acceptable

Diagrams and maps:

These must be sent as black on white; no other format is acceptable. If you wish to send these electronically that is fine but they must be scanned at 800dpi minimum and saved as a tiff, preferably in greyscale: this will probably mean that a CD or Zip Disc is required due to the file size. Hand drawings, such as maps, are fine but text must be in upper case at all times. We need to be able to read it.

Photographs:

Any photographic format is acceptable. Prints, slides or digital images as long as they are sharp and properly exposed.

Digital images have two sources, the camera or a CD from a processor using conventional film as the image source. Either is fine. What counts is the quality of the image. If you are intending to use camera images then please expose at the highest possible setting . DO NOT ALTER OR RESIZE A JPG FORMAT IMAGE IN PHOTOSHOP OR OTHER SOFTWARE AS THIS WILL LEAD TO LOSS OF QUALITY. When images are received they are converted into more stable formats. Always manipulate a copy to keep the original intact

Unless accompanying articles or unless specifically requested photographs will be held on file for future publication. They will be taken care of and will at all times remain the property of the photographer who shall also retain the copyright. Photographs submitted should be captioned with the date, a description and the name of the photographer. Post-it notes are ideal for prints and slides. For digital images send in a caption list either on the disc or by email. Please try not to write on the backs as this can sometimes lead to difficulties when scanning.

Acknowledgments:

Items and photographs for publication will all be acknowledged, except for letters unless there are accompanying photographs. Please put your membership number on correspondence and if possible an email address.
