Hotel Frohsinn

Visiting the Gotthard and the surrounding area of Lake Luzern?

Experience real Swiss hospitality in a family run hotel with well appointed rooms, excellent food and plenty of local atmosphere.

The hotel is located in an ideal place to start your tour. Situated at the beginning of the North Ramp of the Gotthard with a commanding view of the railway, and equally well placed for those walks in the beautiful surrounding countryside of William Tell fame or that longed for journey on nearby Lake Luzern.

THE BT & SOB JOIN FORCES

SOB SÜDOSTBAHN

SÜDOSTBAHN

The merger between the BT and the SOB has taken place. It was agreed at respective Special General Meetings on the 17th December 2001. The vision of a unified railway from the Bodensee to well inside Switzerland became a reality.

The merged companies appointed a new Board under the Chairmanship of Dr Georg Hess and which has seven other members. The Managing Director is Dr Guido Schoch, formerly the Managing Director of the BT. Incidentally the former MD of the SOB has become the Operational Director of Thurbo, the new Mittel-Thurgau Bahn/ SBB joint operation in N E Switzerland. The HQ of the new SOB, as it is to be renamed, is to be in St Gallen and shareholdings were split 60/40

between the former companies shareholders with the former BT taking the majority share.

The assets of the old companies' were transferred and in due course they will be wound up, shares being converted into the new stock. The aim of the merger was to provide synergy in an increasingly competitive situation.

A completely new livery has been designed, grey and red. On a personal level I am devastated that the most attractive livery in Switzerland will ultimately be replaced. In Worcester at least the BT's green and cream will remain supreme! Having said that I would like to wish the new enterprise all the best for the future.

For pictures of the new and old liveries see the next two pages.
