MEMBER'S LETTER

From Kenneth Perry – By Email

Having read about John Weaver's trip through the Lötschberg tunnel on a Traxx loco (SE101 P12) I was fortunate enough to have an unexpected cab trip through the Gotthard tunnel recently. I was at Erstfeld looking in at the signalling screen through the window of the new drivers' cabin on platform 2/4 when a driver came along and asked if I would like a clearer look at the screen. Following a conversation he then invited me to have a look in the cab of the Re4/4 that he was about to leave with. A suggestion that if I was interested I could ride to Bellinzona with him was accepted with alacrity.
