Notes to the 2015 Financial Statements.

Accounting Principles

The bookkeeping and accounting of Switzerland Tourism, as a public corporation, complies with Art. 957 et seq. of the Swiss Code of Obligations and the applicable regulations of company law (Art. 662a et seq. Swiss Code of Obligations). According to Art. 21 of the organizational statutes, Switzerland Tourism is liable for its liabilities solely with its assets.

The annual financial statements comply with the provisions of the new Swiss laws on accounting and financial reporting (Art. 957 to 963b Swiss Code of Obligations), which took effect on 1 January 2013 and which must be applied starting with financial year 2015. In compliance with the Swiss Code of Obligations, adjustments have been made to the classification and the previous year's amounts in connection with the first-time application of the new laws on accounting and financial reporting. The adjustments have no effect on total equity.

Fixed assets

Tangible assets are recognized at acquisition or manufacturing costs less the necessary economic depreciation.

To calculate the depreciation, the following life expectancies and methods of depreciation are used:

| Tangible assets | Life expectancy | Method |
|------------------------------------|-----------------|---------------|
| Office equipment / office machines | 3 years | Straight-line |
| IT hardware / software | 3 years | Straight-line |
| Infrastructure for presentations | 7 years | Straight-line |
| Paris real property | 80 years | Straight-line |

The depreciation for infrastructure for presentations in marketing (tradeshow booth and furniture) and web hardware are recognized in "Expenses from marketing", current year CHF 63 714 / previous year CHF 332 135.

Accounts Receivable

Accounts receivable and other short-term receivables are recognized at nominal amounts. Individual specific value adjustments are made on these amounts and the value of the remaining amounts is adjusted by a flat rate of 5 % / 10 %.

Foreign currency items

The foreign currency items were valued at the official exchange rates of the federal tax authorities.
